# BLUE AND GOLD

# *In Rememberance Of Danny Wyans*

We are sorry to say that we lost one of our Freshmen students this year. We wish to express our deepest sympathy to the parents.

# *Forward*

We, the annual staff bring you our yearbook, The 1959 Blue and Gold. It is our hope that it will serve as a reminder of our class both now and in the years to come.

It is impossible to put all the memories of our school life at J-L into one book—but we have tried to capture some of the more important ones.

We couldn't begin to thank the many people who have helped with this publication. A special thanks goes to Mr. Kettler and Mr. Shaw for giving of their time willingly.

As we bid farewell to all the friends we have made during our years in school, we leave this book as a memory of the highlights of our years together.

# Dedication

This is Mrs. Murphy as we know her today. All those who have ever come in contact with her know her as a friend and guide.

To Mrs. Mina Murphy we all owe a great deal of thanks which we would like to express as we give you a few glimpses into her life.

Mina Murphy (Myers) middle, was born December 20 to Mr. and Mrs. Myers, near Attica, Ohio. She has an older brother Ernest and sister Ethel (shown in this picture).

Mrs. Murphy, far right, attended elementary school in Venice Township.

She was a graduate of Attica High School. After Graduating she attended Bowling Green State University where she studied Elementary Teaching. She taught three years in a one-room school.

In 1930 she married Russell Murphy, son of Mr. and Mrs. Charles Murphy. They lived near Burgoon where he farmed.

Mrs. Murphy has been here for ten and one-half years as a faithful teacher. She has a son, Robert, and a daughter, Eunice, both graduates of Jackson-Liberty. She became Grandmother for the first time this year.

We are certain Mrs. Murphy's spirit will always be with this school.

To Mrs. Mina Murphy we give this tribute.

To the Seniors:

I consider it a privilege and an honor to address these few words to you. It has been a pleasure to know you and to work with you for the few short years of your high school career. You are stepping out on a new adverture. The faculty will follow your achievements with pride and joy as we see you put to work the attitudes, ideas, and skills achieved.

The peace and prosperity of the future are your challenge. The leadership developed through American Educational Institution is one of our riches. We are convinced that the leadership which was evidenced by this class will be equal to this challenge.

Good-by and Best Wishes.

# Class Prophecy

Since I graduated from high-school, which adds up to be about 20 years ago, I became the wife of Don Scherger. Don had done very well for himself. He is the President of the Scherger Construction Company, one of the most famous construction companies in the country. Since we were wealthy, we decided to take a trip around the world by plane. Driving to the airport we stopped to get gas, and while waiting for some service we noticed the sign on the building "Carl Bricker Proprietor." We went in to talk to Carl and found out that he owned quite a large chain of gas stations throughout Ohio. We were so interested in talking with Carl about the new type of gas that Scientist Ronald Krupp developed that we lost track of time and almost missed our plane. We were really glad to hear that Ronnie did many other things towards the development of Science.

While at the airport we noticed a familiar face. We went over to see who it was and recognized that it was Jean Lanning, now Mrs. Jerry Ash. Jean and Jerry were on a tour of the country to exhibit Jerry's prize steer, which he later sold for $50,000. I learned from Jeannie that she was co-owner of a beauty school with Carolyn Thaxton. She also told me that Carolyn created a new hair style that was sweeping the country and was used by Bridget Bardot in her latest picture.

Boarding the plane we were very much surprised to see that Paulette Huffman had become an Airline Stewardess. Talking to Paulette we found out that she was getting married but would not tell us to whom. Paulette had not changed much because she still kept us guessing.

While on our stop-over in Chicago for two hours, we learned that there was a Coaches Convention in session and that Ron Hedden was named "Coach of the Year." He was attending the convention with his wife Ruth Edinger. While Ron was at the convention, which was for men alone, Ruth made a few guest appearances at some of the local night clubs and T. V. stations as a singer. We were fortunate enough to catch one of her night club shows, but nearly missed the plane again talking with her.

On our visit in Indianapolis, Indiana, we attended the Indianapolis Speedway Races and were so happy to see that Raymond Reidling won first place. We learned after the race, by talking with him, that he couldn't have won if it had not been for Jim Williams who kept his racer in top condition. Jim turned out to be a very famous mechanic. We were disappointed that we couldn't talk to Jim but we had to catch our next plane to Los Angeles, California. In California we met Jane Watson who was teaching Elementary School in one of the biggest schools in California. She told us that Janet Feasel, now Mrs. Clark Boatman, was living somewhere in Los Angeles, but didn't know quite where. We inquired and found out that she lived on "77 Sunset Drive." We walked up to the door of a beautiful mansion, which she could afford since she was the wife of a big executive business man, I rang the doorbell and her daughter answered. The reason I knew she was her daughter was because she looked exactly like Janet. She reminded me of the time when we were in school, but not enough for the sentimental part. I was sorry to hear that she had gone to a dinner and that we would have to leave town without seeing her.

# Class Prophecy

In Europe we met Wendell Holman who was looking at the farms of different countries to see if he could build them up to the standards of his mammoth farm in Wyoming. Wendell was considered to have the best knowledge of farming in the country.

While walking down one the streets in Paris, we noticed a sign which read "Jack Harris Dentist." We stopped in to see Jack and were surprised to see that Jack's nurse was Judy Kissling, who graduated from Elkhart as the best dental nurse ever to graduate from there.

While in Paris we stopped in one of the banks to get some travelers checks cashed and saw Peggy Meyer, who was talking to the President of the bank, Earl J. Myers. Earl was president of the biggest bank in Paris. Peggy told us she was head secretary of the bank and was named "Miss Private Secretary." She told us that if we had time to go to Fort Worth, Texas on our way home, we would see Harold Hatfield play basketball. He was the top player and owner of the "World Trotters." We did, and Harold told us that he had played 385 games and won them all.

At the end of our trip, back in Ohio, we had car trouble on our way home. We stopped in a garage to get the car fixed and were very happy to see Larry Ginnever was the owner and mechanic. While talking to Larry, a car pulled up and a very sophisticated woman got out. It turned out to be Frances Kettler. Frances happened to come in because she had car trouble also. While Larry was fixing our cars, Frances told us that she was teacher and superintendent of the Consolidated Schools of Wood, Seneca, and Sandusky Counties; Lakota High School.

Tom O'Toole was the only person out of our graduating class whom we didn't have a chance to see again. Just a minute, I'll finish the story as soon as I answer the door. It was Tom, and he is working as a delivery man for a furniture store and was delivering our new living-room suite. Tom told us he was working there to save money to go to college. Tom would have gone to college sooner, but he served 15 years in the United States Navy.

Classes and organizations elect representatives to this body. Class sponsors and club sponsors should advise their groups, if requested, relative to the merits of certain questions that arise. However, anything that the student council does is subject to the veto of the Head of the school.

The purpose of the organization is to get the pupil's viewpoint on certain questions. This has been active in our school for many years.

This body has charge of the budgets. The purpose is to see that classes are allowed certain money making projects according to their needs in so far as possible. The council also finances the Honor Society, both the County and National. Also it finances the Athletic Banquet. At various times it helps out with other projects.

The magazine sales is the most important money making venture. This year, this project proved very successful.

The Jackson-Liberty Band consisting of sixty-two members is an organization that the school can be very proud of. We played at all of our home basketball games and enjoyed doing several new and different shows.

One of the highlights of the year was in October when the band participated in the Mass Band at Western Reserve University in Cleveland between the half of the college football game. More fun! We left J-L at 3:00 A. M. on a Saturday morning by bus and three cars. The kids took everything along from soup to nuts. That particular morning it was real cold and windy and almost everyone was sleepy. (I should say all except wise men like Shaferly who went to bed with the chickens in order to keep everyone else from sleeping on the bus). We took our breakfast with us plus radios, blankets and pillows. Everyone had a jolly time. We arrived at J-L Saturday evening around 9:30 P. M.

Several of our members had the honor of playing in the All County Band again this year held in November at Attica High School.

The band members are also very proud of their new band jackets. Thanks to the parents and Band Booster Organization for buying them for us. Everyone thinks they are real sharp!

Miss Huff.

The Velvetteens consists of six gals and a guy hailing from J-L High. To date we have completed the first music contest and received a Superior rating. The kids were tops with all the wonderful comments from the judge making them feel real good. The group has sung for many organizations this year including a half hour program on WTOL Radio, Toledo. We are working for a T. V. audition and hope we make it yet this year. Lots of fun goes along with this group of musicians. Like the night we sang at the church in Luckey - - it was pouring rain and one of the girls caught her petticoat on the bumper of a car. She kept runing toward the church carrying the ruffles from her petticoat. Remember that Jan? Oh yes, that was also the night we had the birthday party on the director at the Hi-Jinx!

Dave Shane led the scoring with 25 points, while Omler had 16, and Sam Schubert who was somewhat off stride (Jackson kept him boxed in), hit for 11.

Carl Bricker, Jackson-Liberty's center sensation, and Ron Hedden, again led the Bullpups in scoring with 22 apiece. Dan McGough was the No. 3 man with 13 points.

Shane led the rebounding department for Hopewell with 14 — four on offense and 14 on defense. Schubert was next in line with nine.

Led by its brilliant one-two scoring punch of Sam Schubert and Dave Shane, Hopewell-Loudon came through with an awesome display of offensive power in the second half to register the comparatively easy win over Jackson-Liberty at Amsden Friday.

With Gerry Omler bagging four goals and Schubert chipping in three, Hopewell-Loudon moved into a 23-18 lead in the opening period. Then, head coach Harry Groman's crew missed by one point of matching Jackson-Liberty's 11 points in the second to hit the halfway mark with a four-point advantage, 33-29.

The Chieftains wrapped up their 14th triumph in 16 season starts after the halftime break by outscoring J-L 26 to nine, in the third for a 59-38 edge and by 22 to 10 in the fourth for the final 33-point victory margin.

The Bullpups had a 15-9 lead at the end of the first quarter, and 25-27 lead at halftime, and a 42-35 lead at the end of the third quarter, only to have the tough Bobcats tie the game up 54-a'l with 17 seconds left in the final period.

At this juncture, Bettsville's John Lynch fouled Harold Hatfield. Harold made one of two charities to give Jackson - Liberty a 55-54 lead. The Bullpups also took the rebound on the second try.

With seven seconds to go, Lynch again fouled, and this time it was Ron Hedden. He made two charities to assure the Bullpups a 57-54 victory.

The stubborn Jackson-Liberty club would have no part in such goings, though. Refusing to roll over and play dead, the Bullpups bounced back at the start of the fourth and moved into a 35-30 advantage with 3:43 remaining on the clock.

Thompson had similar ideas, though. With Wayne Gooding handling all of the scoring chores with one goal and three foul shots, the Tigers promptly bounced back to throw the game into a 35-35 deadlock at the end of regulation time.
